Moderation: Luísa Lobato, Josefina Santos, Guilherme Rocha, Ana Paiva, Roberto Calças Marques, Hugo Ferreira

18:00

CLOSING CEREMONY

Farewell

José Maximino, Fernando Fervenza

C3 glomerulonephritis associated with monoclonal gammopathy of renal significance: a diagnostic and therapeutic challenge Bárbara Beirão

Severe Acute Kidney Injury – When the devil is in a common blood test Inês Alexandre

Severe mesangiolysis: when alternative causes have to be considered Filipa Trigo

Protocadherin FAT1-Positive membranous nephropathy secondary to hematopoietic stem-cell transplantation successfully treated with rituximab Hugo Ferreira

SCREEN 1

Session 1 // Moderation by Guilherme Rocha e Ana Paiva	Author
Pembrolizumab induced vasculitis	Maria do Mar Menezes
An unusual suspect	Sofia Leitão e Sousa
Atypical Hemolytic Uremic Syndrome: A Case Report	Lígia Ribeiro
Covid-19 associated nephropathy and chronic kidney disease: a case report	Andreia Carnevale
Severe cryoglobulinemic vasculitis associated with monoclonal gammopathy: a challenging case of masked deposits	Beatriz Pedro Fernandes
ANCA vasculitis following allogenic stem cell transplantation – a rare case	Maria Rita Dias
Missed signals: a case of late diagnosis of AL amyloidosis	Maria Rita Dias
Monoclonal Pseudo-Gammopathy and Anti-MBG Disease: An Unlikely Association	Ana Rita Ramos
Misleading Appearances: Rejection or Infection?	Ana Cunha

SCREEN 2

Session 2 // Moderation by Luísa Lobato e Josefina Santos	Author
Thrombotic microangiopathy – a rare form of late-onset post-transplant acute renal graft dysfunction	Henrique Rodrigues
The role of kidney biopsy in understanding Acute Interstitial Nephritis	Henrique Rodrigues
Oligosecretory Myeloma and light chain cast nephropathy: A diagnostic challenge for nephrologists and hematologists	Joana Medeiros
C1q Nephropathy: The great chameleon	Joana Medeiros
Beyond Anti-PLA2R Associated Membranous Nephropathy	Andreia Henriques
A Case of Crescentic Glomerulonephritis Complicating Membranoproliferative Glomerulonephritis with Thrombotic Microangiopathy	Andreia Henriques
Proliferative glomerulonephritis with monoclonal immunoglobulin deposits - A true case of monoclonal gammopathy of renal significance	Catarina Oliveira Silva
Granulomatous interstitial nephritis secondary to common variable immunodeficiency	Catarina Oliveira Silva
Expanding the spectrum of Lupus Nephritis - A case of Lupus Podocytopathy	Catarina Oliveira Silva

A case report of a severe form of Erdheim-Chester disease Filipa Trigo

Nail-patella syndrome with isolated renal involvement Beatriz Ferreira

Eltrombopag associated Thrombotic microangiopathy: from friend to foe André Silva

Light chain crystalline podocytopathy: a demanding diagnosis Mariana Sousa

Session 3 // Moderation by Roberto Calças Marques e Ana Paiva	Author
Multiple Myeloma, Systemic Amyloid Light Chain Amyloidosis and a dysfunctional kidney without amyloid tissue: A case report.	Daniela Filipe Peixoto
When tubulointerstitial nephritis allows the diagnosis of an unexpected sarcoidosis: a case report	Daniela Filipe Peixoto
Small-vessel vasculitis leading to severe acute kidney injury after Ipilimumab	Rui Duarte
Oncologic lessons from an acute kidney injury clinical case	Mariana Pais
Navigating Complications: A Case Study of Post-Transplant Challenges in a 31-Year-Old Male Patient	Joana Pereira Dias
A unique case of bead shaped tubular basement membrane	Ana Catarina Brás
EBV's Impact: A Case of Post-Transplant Lymphoproliferative Disorder	Henrique Borges
A proteinuric tale of two diseases: collapsing focal segmental glomerulosclerosis and membranous nephropathy in a patient with HIV and Hepatitis B	Andreia Curto
Diffuse Hepatic involvement in ADPKD	Nidia Pereira

SCREEN 1

Session 4 // Moderation by Luísa Lobato e Josefina Santos	Author
Renal-limited thrombotic microangiopathy: a challenging puzzle	Fábio Henriques
Concomitant Membranous and IgA Nephropathies in a Patient with Sjogren Syndrome	João Bessa
Nephrotic syndrome in an intravenous drug user	Catarina Cardoso
Ibrutinib: a cause of IgA Nephropathy?	Sandra Pereira
IgA Nephropathy in a patient with bacilliferous tuberculosis	Sandra Pereira
Chronic lymphocytic leukemia: life-changing biopsy	Filipa Rodrigues
A rare cause of adult-onset genetic podocytopathy	Pedro Fragoso
Monoclonal gammopathy of renal significance versus schistosomiasis related glomerulonephritis	Johanna Viana
Navigating Waldenström's Macroglobulinemia: A Membranous Nephropathy Case Study	Rita Matos Silva
